**EMF Public Consultation**

The public consultation phase on the EMF Directive took place from mid-July to mid-August 2015. The draft regulations and relevant information were posted on the HSA's website during this period and submissions were invited.

Members of ETCI TC 15 EMF and a group of medical physicists were informed in advance about the public consultation process.

There were no formal submissions received by the closing date of 15<sup>th</sup> August 2015.
